

7 DAY PHOTOGRAPHIC ADVENTURE

HOBART - MT FIELD NATIONAL PARK - STYX VALLEY

TASMANIA, 14 - 20 October 2014

Join two talented professional photographers, Greg Power and David Harradine, on this incredible journey from the historic shores of Hobart to the spectacular alpine summits of World Heritage Area, Mt Field National Park.

A photographic adventure that you will never forget

Starting our adventure in Hobart, we will take advantage of the remarkable architecture on offer - a mix of buildings old and new. We will photograph the twilight-lit waterfront mariner and the early morning beauty of Mt Wellington. Then we make our way west to Mt Field National Park. In this recently listed World Heritage Area, we will explore moss-laden rain forest, waterfalls, ferns, towering Swamp and Snow Gums, alpine lakes, Lichen, Cushion Plant and Pandani. Along the way we will also head into the Styx Big Tree Reserve to take in some of the tallest flowering plants on earth. We'll also spend time along the pristine banks of the wild Styx River with its fern-lined shores and tannin-stained water. A tour of historic rural property, Redlands Estate, is a step back in time to an era of convict labour and bushrangers. We will also spend time taking in the world famous Museum of Old and New Art (MONA).

Receive hands-on tips and advice to dramatically improve your photography.

Adventure includes:

- Stunning scenery
- 2 nights in Hobart
- 4 nights at Mt Field National Park
- Return transport from Hobart
- All meals (excludes drinks)
- National Parks pass
- Tour of Historic Redlands Estate
